

ST. FRANCIS CONVENT SCHOOL GHANIE KE BANGAR

The management of St. Francis Convent School is extremely elated to comply with the decision of the Union Government. We are glad to share that majority of the parents gave their consent and cooperated whole heartedly with the decision of reopening schools. We are grateful to the parents.

We have started regular classes for Std. 9th and 10th abiding by the precautionary norms suggested by the government.

The first day of the school, the teachers and students were sanitized at the entrance of the school campus, after examining their body temperature and maintaining the required distance they were permitted to enter their classrooms.

We started the morning with a prayer and taking pledge against Covid – 19.
